THE HAGUE, Saturday, June 5

(via London, June 4, 12:11

p.m.)—The Dutch press

reports of the naval battle of

the North Sea, and in the

absence of fuller

information, the Dutch press

expresses its opinions with

reserve. Most of the newspapers

agree, however, that England

must have received a

very unpleasant shock, al-

though the effect of the sea

battle on the whole was in-

decisive, this being the view

taken at the German

legation here. The Nieuwe

Courant speaks of a "pyrrhic

victory" for England, and

says that, so far as can be

ascertained now, neither

side won. It is pointed out

that the Germans retired to

their base, which was not

the action of a victorious

fleet. Nevertheless, "the

rate have come out of their

hole and been seen in the

view." This newspaper takes

the view that the German

fleet acquitted itself

brilliantly, but the

American Telegram and also

the Handelsblad

remind their readers that

the British blockade is

unbroken and that the

German people seem to

realize fully that the

British ring of ships

continues to isolate

Germany as a whole. It

is pointed out that the

German fleet is not

likely to be changed in

this respect even if

the Germans make more

such "pyrrhic

victories," concludes the

Telegraph.

Charles P. Hughes

ADDRESS BY HUGHES;
TALKS OF PREPAREDNESS.

Associate Justice of the Supreme Court for the first time since he was mentioned as a Presidential possibility discloses at least partially his attitude on one of the issues of the day.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

WASHINGTON BUREAU OF THE TIMES, June 5.—For the first time since attention has been centered upon him as a possible Presidential candidate Justice Hughes, in a public address today disclosed at least partially his attitude on the question of preparedness.

The occasion for the speech was the annual ceremony of the presentation of a national flag to the members of the graduating class of the National Cathedral school, where his daughter is a pupil.

THE FLAG.

In presenting the flag, he said: "It means America first. It means an undivided allegiance. It means America united, strong and efficient, equal to her tasks. It means that you cannot be saved by the valor and devotion of your ancestors, that to each generation comes its patriotic duty and that upon your willingness to sacrifice and endure, as those before you have sacrificed and endured, rests the national hope."

Justice Hughes's daughter is a member of the graduating class and last October, before there had been

much discussion of the possibility of his nomination, he consented to make the presentation of the flag, the raising of which is a fixed ceremony at every commencement of the institution. His speech today is the result.

HUGHES'S SPEECH.

Justice Hughes said: "In these last school days, your hearts are full of the perfect joy of friendship and the dominant thought is doubtless of the associations which have been more potent in their influence than either study or precept. The teachers you love mean more to you than the subjects they have taught. It is because of the winning power of their personality and your response to the message of their lives that memory will ever turn fondly to this spot. But while all this is implied, the ceremony of today has a distinctive significance in its recognition of scholarship. This is a place of serious intellectual discipline. Intellectual interests are not sacrificed to the whims of folly or the indifference of the thoughtless. We are the heirs of all the ages in the foremost files of time. But this vast inheritance counts only as we actually possess it and use it. It is a miserable spectacle to see youth neglecting the lessons of science, the instruction of history, the resources of literature and art and leading a life small and impoverished amid

Two Great British Dailies Send Staff Men to Chicago.

[DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, June 5.—Two of the great London dailies have sent staff men to the Republican convention to offer special features in connection with the service they secure through New York and Chicago connections. The expenses of these men, aside from the transportation over and back, will run about \$10 a day each. One of them sends an average of fifty words and the other, evidently a plunger, loads down the cable with seventy-five words every night. If their papers do not go broke, they will repeat this performance at the St. Louis convention.

DEMOCRATS ARE ALSO TALKING OF THEIR CONVENTION.

It is to be held in St. Louis, which is in Missouri, and the Proposed Selection of Mr. McAdoo to Succeed Mr. McComb will meet with "slight" opposition.

[BY A. P. NIGHT WIRE.]

ST. LOUIS, June 5.—The proposed selection of Secretary of Treasury McAdoo as chairman of the new Democratic National Committee to succeed William H. McComb may be met with slight opposition on the part of certain members of the committee, but it was stated authoritatively tonight that if President Wilson desires that Mr. McAdoo direct his Presidential campaign the national committee will name the Secretary of the Treasury as chairman when the new committee meets immediately after the national convention.

The desire of President Wilson to have Mr. McAdoo lead his fight for re-election has been known to several committee members for two months, but, as some members of the committee were opposed to going outside the committee for a chairman, it was thought advisable to await until convention time before bringing Mr. McAdoo's name forward.

J. Bruce Kremer of Montana, secretary of the committee, announced this afternoon that business reasons would prevent his continuance in office and that he would not be a candidate for re-election. No names have been suggested for Mr. Kremer's successor yet.

Several national committee members have made inquiry as to what part, if any, Mr. Bryan will play in the coming Democratic convention. It was stated officially that inasmuch as Mr. Bryan was not elected as a delegate, he could only speak to the convention with the unanimous consent of the 1916 delegates. Under convention rules Mr. Bryan can obtain a proxy only by the withdrawal of a delegate and his alternate.

Thursday will be a general speaking day, and the committee members here now say Mr. Bryan probably will be asked to speak on democracy. Cato Sells, committee member from Texas, today obtained additional hotel facilities for the Texas delegation, the largest that ever attended a national convention. William Polindexter, who was chosen to succeed Committee Chairman Sells, and Thomas B. Love, who contests Polindexter's selection, will appear before the national committee here June 12 to present their respective claims.

FAIRBANKS CROWD
GOES TO CHICAGO.

[BY A. P. DAY WIRE.]

INDIANAPOLIS (Ind.) June 5.—Indiana Republicans, several hundred strong, moved on to Chicago today to support Charles W. Fairbanks, Indiana's choice for the Presidential nomination.

HUGHES STILL LEADING
ON THE INSIDE TRACK.

Roosevelt's Efforts to do Business with the Old Guard Fail Utterly.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, June 5.—With the Roosevelt managers and the favorite sons astoundingly courting Penrose and other powers in the Old Guard, Associate Justice Hughes of the Supreme Court, maintaining his silence and aloofness, continued today to hold the inside track in the race for the Republican nomination for President.

Although the Roosevelt partisans put forth supreme efforts to win the support of a sufficient number of Old Guardmen to assure victory for the colonel, it was evident at the close of the day that little material progress had been made.

Up to a late hour last night the Old Guard had received no satisfactory answer from Col. Roosevelt to the ultimatum he had issued by race and agreed on a minor candidate or suffer the nomination of Hughes.

During the day an emissary of the "Old Guard" which is impatient for a reply from the colonel, induced George W. Perkins to telephone Senator Hill and ask Mr. Roosevelt whether he would enter an agreement for the nomination of a favorite son of a dark horse.

"Not till I am eliminated," was the answer that came back from Oyster Bay in the renowned staccato accents.

"I told you so," said Perkins to the answer of the colonel was accepted as an indication that he still considers his nomination a possibility and that he is not ready to accept the proposition of the "Old Guard" to withdraw, eliminate Hughes, and name a coalition candidate. It is

HOSTS OF DELEGATES
ARRIVING IN CHICAGO.

[BY A. P. DAY WIRE.]

CHICAGO, June 5.—Delegates to the Republican and Progressive conventions continued in on every train today.

Among the arrivals were some of the favorite sons of Presidential candidates, and their coming signalled the opening of more headquarters.

The big delegation from Pennsylvania, including the Brumbaugh and Penrose wings of the party, arrived today. Leaders in the Penrose delegation said Mr. Knox could command some of the big Pennsylvania delegation in the event the colonel could not win.

Members of the Brumbaugh delegation said they would support the Pennsylvania Governor so long as he permits his name to be used. The second choice of many Brumbaugh men is Roosevelt.

The Arizona delegation, with five for Hughes and one for Roosevelt, and one uncertain, will caucus tomorrow.

The Iowa delegation, at a general meeting today, laid plans to further the label of his coat. The delegates to the Iowa delegation agreed that the hope of Senator Cummins's success in the election of the President was in the hands of the Iowa delegation.

FAIRBANKS BOOM. Managers of the Fairbanks boom today denied that their candidate would withdraw from the Presidential race and become a candidate for the Vice-Presidential nomination.

Senator Burton of Ohio and Senator Harding of Indiana, the key-note speakers at the Republican convention, arrived this morning.

Senator Harding declared his allegiance to Senator Burton and discouraged mention of himself as a Presidential candidate.

The final division of the Massachusetts delegation arrived today. Manager of the delegation, Mr. Fairbanks, will remain at the hotel here during the convention.

CANNON GIVES
SAGE ADVICE.

"Uncle Joe" Says Republicans Could Do Worse than Pick Him.

[DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, June 5.—"Uncle Joe" Cannon, always the most picturesque figure of the Republican national convention, arrived today, his big black cigar tilted at an especially truculent and devilish angle. After skirmishing around for some ticks for his friends and shaking hands with something less than a million people, he gave utterance to this sentiment: "I don't know whom the convention will nominate, but it could do a damned sight worse than to pick me."

HUGHES LEADS
IN THE BATTING.

HUGH FULLERTON SAYS JUSTICE HITS FOUR HUNDRED.

THINKS T. R. IS HARDEST OF THE TEAM TO FIGURE BECAUSE OF HIS WILDERNESS—FAIRBANKS IS PUT AT THE HEAD OF THE MINOR LEAGUES.

THE MINNESOTA DELEGATION, ALL INSTRUCTED FOR CUMMINS, IS EXPECTED CERTAINLY TO FOLLOW IOWA'S LEAD. THE DELEGATES INSTRUCTED FOR SENATOR LA FOLLETTE HAVE OPENED NEGOTIATIONS. THE LA FOLLETTE PEOPLE ARE WILLING TO GO ALONG ON THE MAIN CHANCE.

[BY HUGHIE FULLERTON.]

CHICAGO BUREAU OF THE TIMES, June 5.—Doping these national conventions is soft compared with doping baseball. These political guys run true to form, seldom change their style of play, and their batting averages are the same all the time. Most of them hit .400 when they do their own scoring and about .35 according to the fans.

The only one no one can dope accurately is T. Roosevelt. He is a third for the major league championship, but is liable to finish in the minors. This fellow is the Ty Cobb of politics. He can hit and he carries the biggest bat in the game. He has a glorious chance. He has been practicing batting by knocking out hyphens, and he is the last of the "looks-like-Lincoln" group. His offensive strength is due to the fact that he is the only man Uncle Joe Cannon ever dodged in repartee.

Week's hope of the pennant is largely upon the last pennant race in the Coliseum, when he was the most offensive of all, excepting Big Steve Coleman, who is now playing on the Roosevelt team.

Sherman is a new comer into the big league, this being his first year. His defensive strength is due largely to the fact that he looks so much like Lincoln that no one dares attack him. BINDING AGREEMENT
OF POLITICAL ALLIES.

Coalition Boasts of Enough to Beat Hughes and Roosevelt.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, June 5.—The convention programme of the allied candidates in the coalition against Justice Hughes and Theodore Roosevelt has been completed in its essential details.

The final binding agreement has been made between 337 delegates—nearly a hundred more than a majority of the convention—to act in harmony.

Iowa, with its delegation instructed for Senator Cummins, determined to participate in the movement and designated Senator William E. Kenyon to sit at the war table of the field marshals representing the five original allies, Root, Weeks, Fairbanks and Sherman.

The Minnesota delegation, all instructed for Cummins, is expected certainly to follow Iowa's lead. The delegates instructed for Senator La Follette have opened negotiations. The La Follette people are willing to go along on the main chance.

The outstanding feature of the programme is that the candidate to be supported ultimately by the delegates will be T. Roosevelt. He is named at a general caucus of the pledged delegates, to be held probably on Thursday night.

It will be an "unbought" caucus, say the men who are handling the reins. The delegates will meet in a place to be announced tomorrow night or Wednesday morning. To all practical purposes, it will be a sub-convention of the national convention, and the delegates will determine for themselves, on a fair try-out of the candidates involved, the candidate upon whom they will centralize their strength when the decisive hour arrives in the national convention.

This was the plan that was approved by the board of strategy.

Only One Plank in the

Suffragists' Co

[BY A. P. NIGHT WIRE.]

CHICAGO, June 5.—History for woman was in the making tonight when the women's party launched under the auspices of Congressional Union for Woman Suffrage. The night meeting followed the day, making the opening three-day convention here in effort to promote their cause and induce the Progressives and Republicans to put an equal suffrage plank in their party platforms to obtain their endorsement of women's suffrage.

The women's party was organized tonight by Mrs. H. Anthony, president of the Congressional Union for Woman Suffrage. This is the national woman's party ever organized.

Mrs. Mayde Younger of California, temporary chairman, made the opening address. She said the women's party would consider no other plank in their party platforms to obtain their endorsement of women's suffrage.

Mrs. Elizabeth Cady Stanton, one of the original suffragists, was present. She said the women's party was organized tonight by Mrs. H. Anthony, president of the Congressional Union for Woman Suffrage.

[DIRECT WIRE.—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, June 5.—"Topsy" Troupe of Springfield, O., who has been a familiar figure at every Republican National Convention for forty years, came to town today and prepared to take up his duties as a doorkeeper at the Coliseum tomorrow morning.

Topsy claims that he is the oldest convention "wing-dog" in point of service in the country, having held that post at every convention since 1874, when Hayes was named at Cincinnati.

At the opening of the convention, the woman's party was in the making. The woman's party was in the making. The woman's party was in the making.

OFFICIAL NEWS OF THE BATTLES

Germans Stop French Rush on the Verdun Front.

Paris Says Bad Weather is Hindering Operations.

[BY WIRELESS AND A. P.]

BERLIN, June 5 (via Sayville).—Repeated attacks by masses of French infantry against German positions on the Verdun front east of the Meuse broke down with heavy losses, the War Office announced today.

The statement given out at army headquarters says: "Western front: The British yesterday evening again attacked the positions captured by us on the east of Ypres. The attack broke down under our artillery fire."

A feeble attack, undertaken by the French after gas preparation near Frennes in the Champagne, failed.

On the Verdun front, west of the Meuse, our artillery fired on the enemy's batteries and trenches with good success. French infantry attacked an advance on our trenches west of the Haucourt-Esnes road and was repulsed.

On the left bank of the Meuse there was an intermittent artillery duel in the Avocourt sector. The Belgians communicated: "Calm prevailed."

AUSTRIAN STATEMENT. [BY WIRELESS AND A. P.] VIENNA, Sunday, June 4 (via Berlin and wireless to Sayville, N. Y.). Austria-Hungary today announced today says:

"The enemy's artillery this morning entered into action in the whole of the Balkan front. The enemy's artillery this morning entered into action in the whole of the Balkan front."

"The Russians made an attack with gas on the Dnieper, but did not succeed in penetrating our lines. Everywhere there are signs of impending infantry attacks."

Censorship in Force

WASHINGTON BUREAU OF THE TIMES, June 5.—The publication in a German newspaper of another peace interview with Ambassador Gerard, while generally believed to be a fake, proved to be disquieting to administration officials today.

Mr. Gerard has not yet offered an explanation of the interview printed in a Munich newspaper two weeks ago and some officials believe he may be seeking a recall. It has been guessed for some time that Mr. Gerard would like to quit his post and get back into New York State politics.

Mr. Gerard's first interview was regarded here as an amazing impropriety and administration officials feared it might jeopardize President Wilson's prospects as a mediator. It was thought best, however, not to rebuke Ambassador Gerard until he had an opportunity to explain. State Department officials said that as a matter of course he would report on it. His failure to do so, coupled with the account of a new interview even more objectionable than the first, has caused deep concern.

Another thing that the State Department wants explained is why Mr. Gerard has never reported on the punishment inflicted on the submarine commander who sank the Sussex. The request for information was sent four weeks ago and the Ambassador has never even written to it in his reports to the department. The return of Secretary Lansing today from his two weeks' illness makes it likely that Mr. Gerard will be asked to account for the oversight.

HOUSE AND SENATE DISPUTE OVER RECESS. [BY A. P. DAY WIRE.] WASHINGTON, June 5.—Members of the House were much exercised today over what they insisted was a violation by the Senate of the constitutional provision that neither House shall adjourn for more than three days at a time without the consent of the other.

The Senate adjourned Saturday until noon Thursday, the leaders counting that a three-day recess would be observed. The House, however, adjourned Saturday until noon Thursday, the leaders counting that a three-day recess would be observed.

Globe A-1 Flour

No bread is more wholesome or so satisfactory as that baked at home from pure white flour.

Over ninety per cent of good home-made bread is transformed into health and strength.

Made in your own kitchen, the average cost of a loaf of bread is two and one-half cents.

So, besides the feature of goodness, there is the economy side to consider. It pays in every way to bake bread at home.

Digest of the Decisions Made by the Republican National Committee in Chicago—No Member of the Three Delegations from the District of Columbia will Get Seats.

[BY A. P. NIGHT WIRE.]
CHICAGO, June 5.—The Republican National Committee adjourned at 5 o'clock tonight after disposing of sixty-two contests for seats in the convention. During the last four hours of the session, which continued four days, the most interesting decisions were made. They included the following:

Refusal to place on the temporary roll of the convention any members of the three delegations from the District of Columbia. The committee decided that the three delegations from the District of Columbia, headed by Frank J. Hogan, should not be seated. The committee also decided that the three delegations from the District of Columbia should not be seated. MANY TO WEAR CAP AND GOWN.

Commencement Week for Great Local University.

Degrees for Four Hundred and Fifty-six Seniors.

They'll Parade to Place for Formal Exercises.

This is commencement week at the University of Southern California. Degrees are to be conferred on 456 college men and women. The baccalaureate service will be held at the University Methodist Church, last night, in the first Methodist Episcopal Church, at 11 o'clock.

The commencement program of the College of Music, a preliminary concert, given by the certified students, was presented in symphony hall last Thursday afternoon.

The programme last night was given under the direction of Dean W. F. Skeels. It consisted of piano, violin and pipe-organ music, rendered by graduates, who were: Misses Marion Macdonald, Alice Adams, Harriet Welch, Margaret Mathews, Catherine Lennon, Ruth Adams, Rita Gordon, Rachel Smith, Florence Benedict, Lucy Smith, Mary Wilkes, Mrs. John Luning, and Messrs. Gilbert Green, Joe Talbot, Frank Otto and Wesley Kuhnle.

The most important social event of the year for the students of the university occurs this evening, when the president's annual reception will be held at the Ebell Club House, 1719 South Figueroa street.

Because of his accident while in the East, President Board will not be able to be present. He is still in a hospital at Saratoga Springs, N. Y.

Dr. E. A. Healy, president of the board of trustees of the university, the donors of all the nine colleges will also be in the receiving line with their wives, and two senior students from each college will be receiving. It is expected that more than 1000 guests will be present.

The Ebell Club House rooms have been transformed into a bower of beauty, with the free use of palm trees and cut flowers. During the evening a musical programme will be rendered and refreshments will be served.

A graceful white staff nearly 100 feet in height today raises its head about the green lawn of the campus at the College of Liberal Arts. The giant staff, one of the largest in the city, is the gift of the senior class to their alma mater, and was erected yesterday for the ceremonies of Ivy Day.

This is a picturesque celebration which takes place tomorrow, in which the seniors solemnly and with many careful observances of an elaborate ritual, turn over the care of the junior class the college traditions.

At the top of the staff presented by the seniors is a gold ball, and a boldy-lettered "15," the numerals of the class. It has been placed on the southeast corner of the main building, and will carry the flame and stripes on its national bannula, and other times a flag in the school's own colors of crimson and gold.

CONFERRING DEGREES.

The general commencement exercises will occur Thursday forenoon in the Bible Institute Auditorium, sixth and Hope streets. The college men and women who are to receive degrees will assemble at the First Methodist Episcopal Church, Sixth and Hill streets, and start in a procession at 10:30 o'clock, marching from the church to the auditorium.

This commencement oration will be delivered by Dr. Charles H. Locke, pastor of the First Methodist Episcopal Church. Then the degrees will be conferred by Dr. Healy. After that the awards of the various prizes will be announced.

At noon on Thursday, and also in the evening the various banquets of the college alumni associations will occur. The largest of these affairs will be that of the alumni association of the college of liberal arts. This will be held at 1:30 o'clock in the roof garden of the Broadway Department Store Cafe. The banquet of the college of science will be held at the same hour at the Beverly Hills Hotel. The other banquets will be held at various locations throughout the city.

UNLOVED, ARMY BIRDMAN DIES.

Young Dutch Officer Writes Note, Turns on Gas.

Missive Hints that a Woman Might Have Saved Him.

Death Ends Airship Mission for His Government.

Soaring along the vast air lanes, far above the earth, with death always a close possibility, H. G. van Stuyvenberg, commander of the Royal Dutch Naval Flying Corps, brooded over a love affair in which he was the loser until death and his life apparently became an obsession. Yesterday morning, after writing a letter in which he hinted the cause of his act, the young officer accomplished his own death in his apartments at No. 1127 Orange street.

Remarkable in its personnel was the assembly that gathered yesterday afternoon in Patriotic Hall, No. 1818 South Figueroa street, to pay the last respects to the memory of Sidney Butler, former member of the Board of Supervisors and vice-president of the Chamber of Commerce, who died last Friday.

Practically every patriotic organization of the city and vicinity was represented. The directors and officials of the Chamber of Commerce and county and city officials were in attendance, as well as a host of personal friends of the dead pioneer.

The casket was set in a great hall of flowers, and the American flag was draped across it. The front of the hall was taken up with the floral tributes, and the many set places from various organizations and individuals, back of this bank of flowers sat Chamber of Commerce officials and the honorary pall-bearers. On the south side of the hall were gray-haired veterans of the Civil War, while women of the relief corps were seated opposite them.

The services at the hall were in charge of Rev. Willis M. Bapp, chaplain of the Board of Supervisors. He read a prayer, and the G. A. R., of which Mr. Butler had been a member, "Lead, kindly light" was sung, and Chaplain Bapp then read a brief statement of Mr. Butler's life history.

Rev. Baker P. Lee, rector of St. Paul's Episcopal Church, spoke last night of the life of Mr. Butler and his impression upon the community.

On behalf of the Chamber of Commerce, Director Joseph Scott delivered the eulogy. During this he said:

"Sidney Butler wants no man to chant his praise. He was a modest man, full of humility and simplicity. His life has been worth while. He first developed in this community as a splendid official of a quasi-public corporation. He gave the Board of Supervisors a type of unselfish devotion to duty which all admire—a clean-cut business man and experienced official gave to this county a need of service that cannot be forgotten. His work as a director of the Chamber of Commerce was vigorous and helpful to those who worked with him. Through his earnest efforts Los Angeles county today enjoys its wonderful system of good roads. His very last public work was taken up with the idea of helping the city that he loved. His work was always helpful and constructive. We loved him in life and we deeply miss him in death."

After a song, "The City Four Square," prayers were offered by the chaplain, and the services at the hall were concluded.

Many automobiles and special railway cars carried the assembly to Roseadale Cemetery, where the final services were in charge of St. Paul's Episcopal Church, No. 274, F. & A. M.

The active pall-bearers were Chairman Pritham of the Board of Supervisors, Oscar C. Mueller, President Mitchell of the Chamber of Commerce, R. C. Holcomb, J. W. Dolan and W. H. Curtis.

The honorary pall-bearers were Bradner W. Lee, Robert N. Bull, J. M. Reedman, J. M. Arbery, J. M. Henry, W. Louis, Maynard McFie, Watt L. Morland, Joseph Scott, E. R. Rivers, W. D. Longyear, Louis M. Cole, Maj. A. J. Copp, Jr., E. W. Murphy, George W. Smith, J. M. Hamilton, W. E. Hinchshaw, R. H. Norton, George Alexander, N. D. Darlington, Mayor C. E. Sebastian, Martin F. Betkowski, president of the City Council; Gov. Hiram Johnson, Acting Gov. Newton W. Thompson, P. C. Mulquoney, F. O. Reed, C. D. Daggett, Philo Beveridge and W. R. Kern.

Resolutions of respect to the memory of Mr. Butler were adopted yesterday morning by the Board of Supervisors. Following this action the board adjourned until tomorrow as a further mark of respect.

MANY GATHER AT PIONEER'S BIER.

Disinterested Public Service and Humility of the Man Lauded by Speaker—Patriotic and Civic Organizations Represented in Throng of Mourners.

Remarkable in its personnel was the assembly that gathered yesterday afternoon in Patriotic Hall, No. 1818 South Figueroa street, to pay the last respects to the memory of Sidney Butler, former member of the Board of Supervisors and vice-president of the Chamber of Commerce, who died last Friday.

Practically every patriotic organization of the city and vicinity was represented. The directors and officials of the Chamber of Commerce and county and city officials were in attendance, as well as a host of personal friends of the dead pioneer.

The casket was set in a great hall of flowers, and the American flag was draped across it. What He Found.

"Having drunk an excellent cup of coffee," said a certain physician, "I found that I had drunk coffee, but Postum!"

Numbers of people, like this doctor, have been pleasantly surprised at the pleasant aroma and mappy, Java-like taste of Postum.

And yet, Postum doesn't contain a particle of coffee—and better still, not a particle of the drug, caffeine, nor any other harmful substance.

Postum is made from wheat, roasted with a bit of wholesome molasses—a pure drink that is both healthful and delicious. A great many sufferers from headaches, nervousness, sleeplessness and other ills brought on by the use of coffee with its destroying drug, caffeine, have found happy relief by quiting coffee and using

BIG ACCESSORY FIRMS TO MERGE.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] NEW YORK, June 5.—Still another new motor merger came to light today with the announcement of the formation of the Motor Products Corporation. This is a consolidation of the Rands Manufacturing Company, Diamond Manufacturing Company, Superior Manufacturing Company, Hanguard Manufacturing Company and Universal Manufacturing Company. All of these are in Detroit except the Superior, whose plant is in Ann Arbor. The companies make windshields, tops, cowls, hub caps and other motor parts.

The Products Corporation starts off with authorized capitalization of 100,000 shares without par value, of which 70,000 shares have been underwritten to be offered to the public at 74. J. B. Bahe & Co. are syndicate managers.

Of the 70,000 shares offered, 50,000 will be taken by holders of stock in the subsidiary companies, leaving 20,000 to be sold. The companies making up the new combination are all said to have sold their output for a year ahead.

It is accepted an offer to coach one of the leading universities, but will make his decision known until he has had his last fling at the national championship at Newark later this summer.

OTIS CRANDALL TO JOIN OAKS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] SAN FRANCISCO, June 5.—Otis Crandall, a relic of prehistoric times, who was a veteran with the Giants when Christy Mathewson was in knee pants, has been signed up by Handome Harold, the boy manager of the Oaks and will shortly be seen in an Oak uniform.

Ots is not dead yet by a long ways. He was with the St. Louis Federal last year, winning twenty-one games and losing fifteen and was responsible for an average of 2.79 runs per game. Crandall is not only a heavier of note but is a demon slugger and pinch-hitter.

EASTERN CREWS OUT FOR PRACTICE.

[BY A. P. NIGHT WIRE.] POUGHKEEPSIE (N. Y.), June 5.—The eight-oared crews of Cornell, Columbia and Pennsylvania were out for practice late today, the afternoon trials having been delayed by a heavy rainstorm.

NEW YORK BUREAU OF THE TIMES, June 5.—The new Willis-Durant merger of four automobile companies, with a substantial interest in a fifth, will start off on the basis of \$223,000,000 of capitalization, it was announced today. This much has already been settled, although no name has been found yet for the second greatest industrial combination which the United States has produced. The matter of a suitable name was under discussion at a meeting today.

MANY MEMBERS.

The company, which represents a union of the Willis-Overland, Hudson, Chalmers, Auto-off and United Motors Corporation, the latter a combination of five accessory companies, which will supply parts for the cars made by companies in the merger, will make its debut with 173,000,000 of 7 per cent preferred stock and 2,500,000 shares of common without par value. As it is proposed to sell the common stock to the public at 60, the capitalization represented by this stock is \$150,000,000.

The parent company will not be cramped by its capital limitations, however, if the management decides to expand, for the charter provides that the number of common shares may be increased to 4,000,000, which at the issue price would make the total capitalization \$250,000,000.

It was said today that no additional companies are being considered at this time as possible members of the new Willis-Durant family, with the exception of the Fisk Rubber Company, which may be taken in if terms can be agreed upon with holders of the large blocks.

L. G. Kaufmann, who has been handling the financial end of the merger, said that if the Fisk is purchased, it will not be necessary to call upon any of the additional authorized stock, as there will be sufficient cash in the treasury to supplement the stock issued in payment.

IN CONTROL.

John N. Willis, who is understood to have received \$90,000,000 for his controlling interest in the Willis-Overland company, will be paid in preferred stock and cash. It is said that he receives \$45,000,000 in cash, and his associates in Toledo have agreed to take a one-fourth interest in the 2,500,000 shares of common stock to be offered for sale.

All of the \$22,000,000 of 7 per cent preferred stock will go to the vendors of the companies entering the combination.

William Salomon & Co. will head the underwriting syndicate to handle the common stock. Associated with them in the management will be Dominick & Dominick, who underwrite the recent Durant Note.

The company, which represents a union of the Willis-Overland, Hudson, Chalmers, Auto-off and United Motors Corporation, the latter a combination of five accessory companies, which will supply parts for the cars made by companies in the merger, will make its debut with 173,000,000 of 7 per cent preferred stock and 2,500,000 shares of common without par value. As it is proposed to sell the common stock to the public at 60, the capitalization represented by this stock is \$150,000,000.

The parent company will not be cramped by its capital limitations, however, if the management decides to expand, for the charter provides that the number of common shares may be increased to 4,000,000, which at the issue price would make the total capitalization \$250,000,000.

It was said today that no additional companies are being considered at this time as possible members of the new Willis-Durant family, with the exception of the Fisk Rubber Company, which may be taken in if terms can be agreed upon with holders of the large blocks.

L. G. Kaufmann, who has been handling the financial end of the merger, said that if the Fisk is purchased, it will not be necessary to call upon any of the additional authorized stock, as there will be sufficient cash in the treasury to supplement the stock issued in payment.

IN CONTROL.

John N. Willis, who is understood to have received \$90,000,000 for his controlling interest in the Willis-Overland company, will be paid in preferred stock and cash. It is said that he receives \$45,000,000 in cash, and his associates in Toledo have agreed to take a one-fourth interest in the 2,500,000 shares of common stock to be offered for sale.

All of the \$22,000,000 of 7 per cent preferred stock will go to the vendors of the companies entering the combination.

William Salomon & Co. will head the underwriting syndicate to handle the common stock. Associated with them in the management will be Dominick & Dominick, who underwrite the recent Durant Note.

PUSH BALL GAME PLANNED FOR BEACH.

Les Henry is going to pull a new one at Ocean Park next Sunday afternoon when he will have a push ball game on the beach between two teams of ten men each. If it were possible to erect seats and sell them to the spectators he would have one of the best amusement propositions ever known, but as this is not possible the spectators will have to view the contest from the sands and the walk.

George Watkins, captain of the Ocean Park Life Saving Corps, will be the captain of one team, while Arthur Allen, a private in the Life Saving Corps, will choose the other organization.

A large space will be roped off on the beach about 100 by 200 feet for the playing ground and the spectators will be seated on the sand. The first four or five rows will be seated and those in the rear will stand. This will accommodate several thousand to see the contest and there is an assurance that there will be hundreds who cannot get close enough to see the big battle on the sand.

Cliff Bowes and Billy Gilbert, two of the funniest men of the Keystone picture company and members of the life saving corps, will be chosen on opposite teams. These boys will assist the hard-working members of their teams in winning the contest and should get many laughs out of everyone present.

FRENCH AIRMAN DECLINES OFFER.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] NEW YORK BUREAU OF THE TIMES, June 4.—George Carpentier, the French heavyweight champion, now serving with the aero division of the United States army, declined an offer of \$100,000 to box one twenty-round bout with a local champion at the Buena Vista, according to Promoter Marcel Pagan del Bar, who sailed for South America today, accompanied by several American boxers, who will take part in a ring carnival in Argentina during July and August.

Carpentier says it is his duty to stay in the United States and fight for France.

Jack Johnson may be seen in a "come-back" bout during the Argentine tournament. The negro heavyweight championship will be settled there in August, with the meetings of Sam Langford, Harry Wills, Sam McVey and Joe Jeannette.

It is likely that Johnson will meet the winner of this series.

MOVIE QUEENS ON POLO TEAM.

A polo team of movie queens. Sounds like a Utopian dream, and a better drawing card than Kelsie's Polka, but that is actually what is in the mind of ambitiously athletic Maria Sals, clever screen actress, who has been an enthusiast over the sport since her sixteenth birthday.

A horsewoman from childhood, she has taken up the mounted croquet for recreation, and now has set about to organize a full team from the ranks of the filmland luminaries in this vicinity.

She plans to have her squad completed and skilled in the game before the fall polo season starts, and expects to stage a benefit series of games with the Copsona or Burlingame masculine aggregation to raise a substantial donation to the Actors' Fund of America.

In a new series of pictures in which she appears as the daughter of a wealthy western rancher, Miss Sals appears altogether on horseback, and her director, Jimmy Horne, hearing of her poloistic predilections, is having written an episode in which she takes her brother's place in a championship polo match at the critical moment and wins the game for his team in the eleventh hour.

Miss Sals is a sportswoman in every sense of the word. She hunts and fishes, and is an expert racquet wielder on the cement courts. Her superb health, which has kept her from missing a single day that she has entered the movies, she attributes to the outdoor life that she leads and her continued indulgence in the livelier sports of the day.

She was recently starred in "The Social Pirates" and made such a hit that the company she was working for immediately began another with her in the lead as soon as "The Pirates" were through filming.

SCENIC AUTO RIDE IN GOOD SHAPE NOW.

A report issued yesterday by the Automobile Club of Southern California states that the route to Matilla and Wheeler's Hot Springs, a favorite scenic tour, has been repaired and is now in good condition.

A scout car from the club brings in the information that motorists should now go via Calabasas, Ventura and Foster Park, as the other route by way of Santa Paula and Shubur Mountain grade is rough and dusty at this time, although passable.

Hundreds of motor parties are choosing this tour for week-end trips.

Thunderstorm Interrupts Play for Half an Hour.

[BY A. P. NIGHT WIRE.] PHILADELPHIA, June 5.—The easy defeat of Miss Edna Wildey of Plainfield, N. J., who ranked among the first ten women racquet wielders of the country, by Miss Miriam Steever of Chicago, was the outstanding feature of the opening rounds of the annual women's national lawn tennis championship tournament, played on the courts of the Philadelphia Cricket Club today.

Miss Steever won in straight sets, 6-0, 6-2. The field, though larger than last year, is not considered as strong among the notable absentees being Miss Mary Browne and Mrs. T. C. Bundy (see Miss May Sutton) of the California contingent, and Miss Martha Guthrie of Pittsburgh, who leaped into fame by winning a national title holder, in the semi-final round last year.

STILL BETTER.

Miss Burdett, who added the Pennsylvania and Eastern States title to her collection last week, is better this year than she was last. Under the rules she does not have to "play through" the tournament, but in the opinion of experts no one has appeared who appears capable of defeating her in the challenge round.

A thunderstorm interrupted play for half an hour this afternoon, but despite this the preliminary round was completed, nearly all of the first round disposed of and a good start made on the men's doubles, substituting this year for the men's singles, a feature of these tournaments for many seasons.

SUMMARIES.

First round summaries: Miss Margaret Mow of Washington defeated Mrs. C. C. Parsons, New York, 6-2, 6-3; Miss Miriam Steever, Chicago, defeated Miss Edna Wildey, Plainfield, N. J., 6-0, 6-2.

Miss Dorothy Diaton, Philadelphia, defeated Mrs. Robert Leroy, New York, 6-1, 6-4.

Miss Alice Patterson, Philadelphia, won from Mrs. Rawson Wood, New York, by default.

Mrs. Robert Pope, New York, defeated Mrs. M. B. Huff, Germantown, Pa., 6-3, 6-2.

Mrs. Forest Korbhaugh, Philadelphia, won from Mrs. G. L. Chapman, New York, by default.

Miss Edith Handley, Philadelphia, defeated Mrs. M. H. Ballin, New York, 6-0, 6-0.

Mrs. Edward Raymond, New York, defeated Miss Margaret Tattersfield, Germantown, Pa., 6-0, 6-2.

Miss Gertrude Oelshlager, Philadelphia, won from Miss Sarah Shattuck, Boston, by default.

Miss E. C. Hessel, Merion, Pa., defeated Miss Edith H. White, New York, 6-1, 6-2.

Miss Alice M. Hawkins, Germantown, defeated Miss Margaret Henry, Philadelphia, 5-6, 7-5, 6-1.

Miss M. B. Wilcox, Merion, Pa., won from Mrs. Isaac Schlichter, Jr., Philadelphia, by default.

RACING PIGEONS MAKE GOOD TIME.

The Los Angeles Racing Pigeon Club held a race Sunday from Modesto to Los Angeles, a distance of 180 miles. The birds were liberated at 6:35 a.m. and the first bird home in about 1:30 p.m. Modesto still has a substantial lead for the best average speed. The next race will be staged over a distance of 400 miles. The results:

H. R. Staudt, 1108 yards per minute.

H. Schumadun, 1096 yards per minute.

H. Mondon, 1090 yards per minute.

Clark, 1036 yards per minute.

W. Spencer, 1030 yards per minute.

W. H. Cudubark, 1029 yards per minute.

W. Chan, 1028 yards per minute.

ONE-PUNCH HOGAN GETS A DECISION.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] NEW ORLEANS, June 5.—One Punch Hogan of New Orleans tonight won from Jimmie Taylor of New York in fifteen rounds. Hogan outclassed Taylor, the latter having but one round, the twelfth. Hogan had both of Taylor's eyes closed and his left side bleeding from punches to the kidneys. Hogan seemed to toy with Taylor and did not try for a knockout.

Kid Barrara won from Kid Duran in six rounds, and Kid Dutch won from Kid Callahan in four rounds. Dick Burke refereed, and fully 2000 fans were present.

TODD WINS OUT AT BILLIARDS.

TODD came out victorious in the billiard match at Naima parlor yesterday evening and walloped Holliday, 49 to 24. Both players enjoyed high runs of four, and the contest straggled into eighty-eight innings.

Robinson and McMann will mingle in what promises to be one of the best matches played in this tournament.

[BY A. P. NIGHT WIRE.] SAN DIEGO, June 5.—A proposition to hold harness races at the Tia Juana track at the close of the present meeting, is under consideration by James W. Coffroth, president of the Lower California Jockey Club. Coffroth is now in communication with officials of the Pacific Coast Trotting Horse Breeders' Association, relative to the proposal.

ANGELS SWING ON BEES TODAY.

CHANCE'S ATHLETES STILL IN A CRIPPLED CONDITION.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] HEMPHREY (N. Y.), June 5.—There will arrive in New York tomorrow stable of Lord Wimborne, Lord Lieutenant of Ireland, who was the backer of the last international team from England to cross mallets with the American team, whom they defeated after two former unsuccessful efforts.

As polo has about ended in England for some years owing to war conditions, and as a number of officers who had planned another American invasion have been either killed or wounded, Lord Wimborne decided to send the consignment to Long Island, to James C. Cooley, the polo manager at Meadowbrook.

Paulkner, the head groom of Lord Wimborne, is in charge of the ponies, which were purchased in several quarters of the world with the one idea of capturing the international cup again. There are twenty-four in the string; over half are ponies purchased in Spain, Ireland and England. Some also came from California.

Light Winds String Race O ut Until Evening and Boats Come with Headlights Burning—Ideal Conditions Bring Out Practically Every Pleasure Craft in the Bay—Mischievous Unable to Enter the Race.

BY E. D. SEWARD.

(SPECIAL CORRESPONDENCE.)

LOS ANGELES HARBOR, June 4.—Although the long ocean race of the South Coast Yacht Club yesterday held the center of interest in yachting circles, there were only three of the yachts away from the harbor, and ideal weather conditions brought out in the afternoon practically every pleasure craft in the bay.

From the Los Angeles Yacht Club anchorage came Vice-Commodore Alexander J. Mitchell with a party aboard the Yankee Girl. The Nixie from the same club came back from a short cruise to the Lethmus, with Morgan Adams and party aboard.

MOTOR STUFF.

The Los Angeles Motor Boat Club had a fleet of power cruisers out, while many fishing parties made good catches trolling off shore.

From the South Coast Yacht Club came the yawl Winosoma with about forty guests in command, Capt. Carlisle Thorpe picking up all of the series of muscians and femininity.

The Trovian had its usual allotment of young people, who enjoyed a swimming bout off Brighton Beach.

The Minerva tried out her new engine, while the sloops Myth, Shadow

rounded at 2:03 p.m. The Vite seemed to sail better with her mast once more stepped a few inches further aft, but the commodore did little better than hold his own with the Wasp in the long beat into the wind.

He rounded the mark at 2:35. Capt. Howard Wright was doing finely in the little Wasp, seemingly for asters, but he finally made the mark at 2:45.

RITCHIE READY FOR R. GRUMAN

Six-round Mill Promises to be Classy Show.

Both Boys are in Perfect Physical Condition.

Frankie and Cross to Mingle in Semi-stupor.

(BY GARY WIRE—KINGSTON DISPATCH.)

PORTLAND (Or.) June 4.—Perhaps the most representative gathering that ever assembled to witness a boxing match in Portland tomorrow night will view the Willie Ritchie-Ralph Gruman six-round mill.

Both are trained to the minute. Trainer "Moose" Tammis says Ralph will weigh around 115 pounds, while 140 won't miss the former lightweight champion's poundage far. Both boys are in perfect condition.

TOUGH LUCK.

The Portland phenom a year ago watched Ted (Kid) Lewis working out, and noticed that he used a mouthpiece which protected his teeth. Ralph thought the idea was a good one and put one of the protectors in his mouth when he faced Burns last August. The New Yorker caught him flush on the jaw with a high-left punch in the fifth round and the jaw was broken.

Gruman smashed out the bout with the jaw broken and blackened both of Burns' eyes and won the match. But he says his jaw is all right now.

When Frankie Jones and Leo Cross of Chehalis clash in the semi-stupor there is certain to be action from the tap of the first bell to the finishing curfew. Jones is the San Francisco boy who never lost a battle, and is the Coast welter and middleweight champion.

Cross can mix it with the best of them, and as their fans have not seen him in action for some weeks this affair will be a treat.

PRELIMINARIES.

Following is the rest of the programme:

125 pounds—Joe Harahan of Seattle vs. "Muff" Brennan.

115 pounds—Tommy Clark vs. Jack Allen.

145 pounds—Frank Parlow vs. Eddie Murphy of Fresno.

112 pounds—Sammy Gordon vs. Billy Ryan.

Jack Grant will referee the main event. Lonnie Austin of Seattle, or some other well-known boxing expert will officiate in the preliminaries.

BIG LEAGUE REVIEW.

(BY A. F. NIGHT WIRE.)

NEW YORK, June 4.—The breaking of the New York National's long winning streak last week after they had won seventeen consecutive games, has diverted the attention of the baseball world to the remarkably close pennant races in both the National and American leagues.

For the first time since the New York Giants and the Yankees are running neck and neck for the leadership in their respective leagues, both teams being in second place by a margin of less than a game.

Brooklyn setting the pace in the American circuit. In the National league, the St. Louis Cardinals, who have a half dozen games separating them from the Yankees, are in the lead.

The record-breaking road trip of the Giants, who returned to their home grounds on Friday after winning nineteen out of twenty-one games, still, however, remains the sensation of the season. On the first swing around the circuit the Giants established a reputation as a scoring machine, making 117 runs and 213 hits in their twenty-one games, an average of more than five runs and ten hits a game.

The western teams of the National League, generally considered the weaker end of the organization, showed up more favorably the past week. This was especially true of the Cincinnati Reds, who jumped to sixth place by winning five of seven games, and of Cincinnati's Chicago Cubs, who won four of seven games, remains in third position, while the Boston Braves split even in eight games and clung to the end of the first division.

In the American League, Clark Griffith's Washington team had a very poor week, failing to win a game, and fell from the league leadership into third position, while Cleveland, although losing a majority of its games, came back into first position, with the Yankees immediately at their heels. Washington's hold on their place, moreover, is threatened by the world's champion Boston team, which in the week ending on Saturday lost only one game out of six.

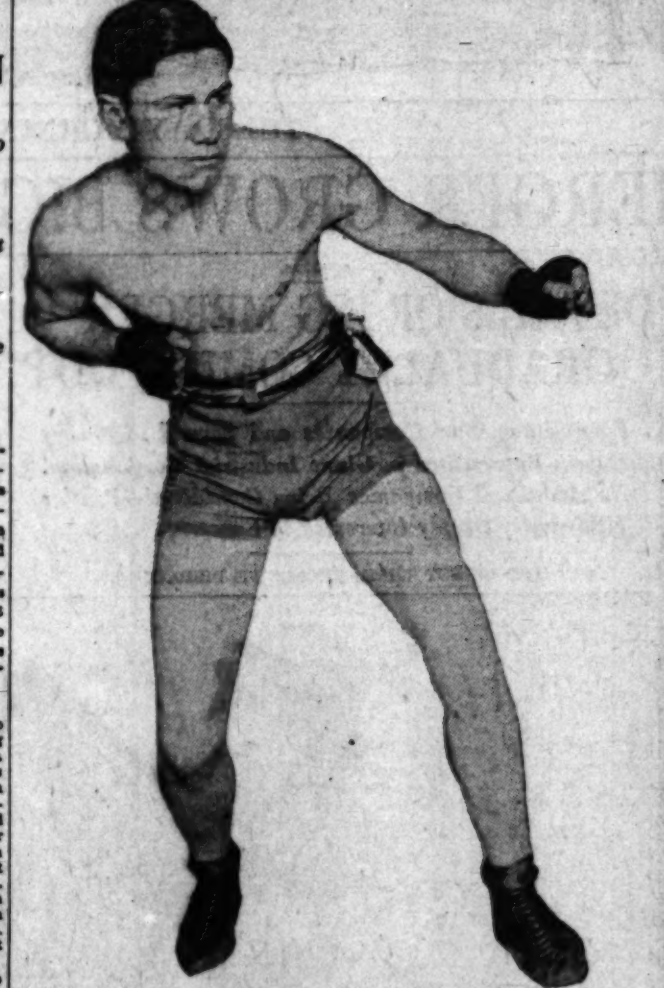

The Red Sox pitching staff seemingly is returning to world series form and the outfield, minus the services of Tris Speaker, is rounding into shape. In the last week the champions made a total of only five errors, less than that of any other team in either league. Clarence Walker, the young outfielder who has succeeded Speaker, gave evidence of hitting ability, making two doubles and a triple in Wednesday's game.

Detroit's hitters, who have been slow in rounding into form, showed improvement, notably in the case of Cobb, and the team encroached a little further on the leadership of the Yankees. While Chicago held its position by winning five out of seven, St. Louis pulled out of last place by heavy hitting and scoring.

MacK's reorganized Athletics, although displaying good pitching talent, fell back into their familiar position at the bottom of the list.

MRS. GUY COCHRAN WINS FIRST ROUND OF GOLF.

BY ALMA WHITAKER.

MRS. GUY COCHRAN was the winner of the qualifying round in the women's tournament at the Los Angeles Country Club yesterday with a score of 92.

Four players tied for best net with 92—Mrs. Frank Griffith, 94-93; Mrs. Fred Griffith, 104-103; Mrs. H. Cotton, 114-113-92, and Miss Margaret Jams, 101-112-92.

They will play it off today. Miss Jams' score of 104 qualified in the first flight, but as she cannot get out until later today she will play in the special event instead.

MANY ENTRIES.

It was the largest entry for any women's tournament we have ever held—thirty-eight players and everyone in the best of good humor, notwithstanding scores failed to keep within distinguished dimensions.

Mrs. Cochran's 92 was three strokes ahead of the field, which included championship names like Mrs. Henry Van Dyke, Mrs. F. P. Carpenter and Mrs. J. J. Pinner. Mrs. Dudley Fulton had the next best score with 94.

Mrs. Frank Griffith was 94, Mrs. H. D. Requa was 96, Mrs. Carpenter 101, Mrs. Pinner, 100; Miss Mildred Landreth, 102; Mrs. Van Dyke and Mrs. Fred Griffith, 104; Mrs. Dorothy Kavanagh and Mrs. W. T. Bishop, 107; Mrs. C. A. Perley, 111; Mrs. H. Cotton, 114; Mrs. A. M. Goodhue, 114, and Mrs. Hennenberger, 117, all of whom constitute the first flight.

Miss Phila Miller just missed the first flight with 118.

There were less than four exciting star holes at which 9's were recorded, and the men's California championship boasted only two 9's altogether. Mrs. C. A. Perley and Mrs. Gaylord all had 2 on the eleventh, and Miss Katherine Kavanagh a 3 on the thirteenth. The last two named are 24 and 18-handicap players, respectively, wherefore their jubilation can well be imagined.

DISCONCERTING.

The first hole, par 4, seemed to have a disconcerting effect on all the players, 7's and 8's being unusually usual. Only Mrs. Cochran and Mrs. Fred Griffith achieved 6's there.

As there were so many entries they decided to play in two flights, and the remaining players will compete in a special event, handicapped medal play against par.

Here are the first-flight pairings: Mrs. Guy Cochran and Mrs. Van Dyke, Mrs. F. P. Carpenter and Mrs. C. A. Perley, Miss Mildred Landreth and Mrs. A. M. Goodhue, Mrs. W. T. Bishop and Mrs. Frank Griffith, Mrs. Dudley Fulton and Mrs. Fred Griffith, Mrs. P. J. Pinner and Mrs. H. Cotton, Miss Margaret Cameron and Mrs. Hennenberger, Mrs. Dorothy Kavanagh and Mrs. H. D. Requa.

SECOND FLIGHT.

In the second flight Miss Phila Miller plays Mrs. A. H. McFarland, Mrs. Bain plays Mrs. McCrae, Mrs. Gaylord plays Mrs. McRobb, Mrs. A. F. McGaffey plays Mrs. E. H. Sawyer, Miss Katherine Kavanagh plays Mrs. R. F. Macfarlane, Mrs. Anderson plays Mrs. Hermann, Mrs. Odell plays Mrs. Louise Burke, Mrs. W. Mackie plays Mrs. Schenfeld.

Mrs. Jack Niven, Mrs. Sweet, Mrs. P. G. White, Mrs. F. Powell and Miss Margaret James will be among those to play in the special event, which may also be augmented by the presence of players from Orange County and San Gabriel, who could not get out for the first day.

There were five representatives from Riverside who are staying down at the club, two from Long Beach and several each from Midwick and San Gabriel.

The club has done them handsomely in the matter of prizes and Mrs. James Long has distinguished herself with gallantry by donating

and sealed took short sails off the harbor. Capt. Warren came in about noon with his yawl Samara, having spent a week in San Diego. He was too late to enter the race, but will be in readiness for the next event.

Owing to a broken jaw the Mitchell it was unable to enter the race, but later in the day Hyatt took a spin out beyond the breakwater. The Lady Gwendolyn went off shore and returned to shore moorings after dark. The crews of the Royal and Lido worked steadily all day and hope to be ready for the time for the stag cruise in September.

WAITING.

Many watchers spent the evening at the clubhouse waiting for the return of the racers. It was after 10:15 o'clock when the last of the racing crews reported, and even then the race had to be recalled and experience recalled.

Comparing the race of yesterday with previous events over this same fifty-mile course, it is noted that both the start and finishing time in this race was the closest of any of the ten races for the Nordlinger trophy.

It certainly was a close start, and a pretty one at that. Commodore Weston, in the Vite, gripped around the outer flag just four seconds behind the gun. Columbus was but seven seconds behind, while Wright in the little Wasp was but forty seconds behind the signal, which was given at 11:16 a.m.

LIGHT WIND.

The wind was pretty light, and Logan in the Columbia had a merry tumble with Watson before he could clip by him. Once in the lead the Columbia gradually bore away and held the lead throughout the race. But this was essential, as she had to give an allowance under the universal rule, of 120 lbs. to the Vite and 170 lbs. to the Wasp.

With the wind exceptionally light off Vincente, all of the racers had hard sledding, but Logan finally

beat and slipped.

often allowed of a free sheet and a ballroom on the long reach across the channel to Bird Rock, but yesterday the racers had to sail close hauled. The distance between boat lengthened and Columbus rounded Bird Rock in a bad ground swell at 4:35. The Vite came up at 5:20, while it was 5:47 before the Wasp made the mark on the last leg of the triangle.

Fortunately, the wind, though rather weak, lasted well into the evening and, with balloon jibs pulling, all of the three entries made good work on the home stretch. It was here that the little Wasp stung the bunch. Although well astern she actually made better time by ten minutes than the Vite on the run down the wind. Columbus took 24.4 min. on this leg, Vite 25.1 min. while Wasp made the leg in 24.1 min.

Columbus finished at 7:34:26 and after making sail the owner, skipper and crew repaired to the clubhouse to await the expiration of the time allowance. Weston came in with his lights burning at 7:45:45, his time allowance not being enough by nearly seven minutes to beat Columbus.

It looked like West's victory, but racing track had again come into her own until a hail from the darkness gave the finishing time of the Wasp as 9 o'clock flat; then this hope was shattered.

And even then the watchers patiently waited until Capt. Wright and his tired crew had come up to the clubhouse and submitted his watch for comparison. For the first time the start and finishing time in this race was the closest of any of the ten races for the Nordlinger trophy.

It certainly was a close start, and a pretty one at that. Commodore Weston, in the Vite, gripped around the outer flag just four seconds behind the gun. Columbus was but seven seconds behind, while Wright in the little Wasp was but forty seconds behind the signal, which was given at 11:16 a.m.

FOOTLIGHT FLASHES AND FILM FLICKERS AND FANCIES.

By Grace Kingsley.

The rapid-fire dramatist, Willard Mack, is writing a new play for Irene Fenwick, entitled "Common Little Things." Willard Mack is appearing in the two-day of vaudeville, and otherwise has nothing to do, so in the hours between 7:30 and 8 in the evening he writes plays.

Temperament Note.
Miss Murray, the lucky star, was reported to be because that company asked her to co-star with Frank Keenan in a new picture. The "co" was what captured Mack's Angora. However, she isn't mad any more, and is to return from New York in a few days.

President in Amusement Class.
Willie Collier met President Wilson at the Frisco Hotel, the other night. The Chief Executive expressed himself as much pleased at the acquaintance and volunteered that he would be pleased to go on tour with the Frisco.

Tonight's Night.
Tonight's the night of the New York premiere of "The Fall of a Nation." It is said that, as the result of Victor Herbert's musical mastery and Dixon's dramatic genius, the film will prove one of the most startling ever shown on the screen. The photodrama will be shown in Los Angeles on June 15.

Natural History Note.
Carl Walker purchased an animal from a local zoo and sent it to San Francisco last week to be used in a Panthea feature act. The beast was reported to be a camel, but it was a lion. Carl has written to the Panthea institution to find out how old a camel has to be before it grows its second hump!

Booth Note.
Mrs. Allen Gale, famous actress, who is now with the Fox films, is very fond of Kittens Reichart and Jane and Katherine Lee, children actors of the same company. She tries to teach them about classic and Bible characters, but they are prone to mix them up with stage and film acquaintances.

What famous friendship in the Bible does the friendship of Damon and Pythias remind you of? The answer is the other day after a lesson in the classics.

It's said that Kittens Reichart, "Abe and Mawruss."

Robert D. Walker, acting with the Fox company in Edendale, has discovered that the Black Spot has been in his family. In the remote ages when Capt. Kidd was cruising off South Carolina, a Walker sailed with him. Robert D. knows this, because the tradition has come down through the family as a horrible example.

Mr. Walker says he always admired this ancestor greatly, but in secret, because he was told that pirates were no longer as fair in the best families. So in despair he took to the movies, where, he says, he gets all the adventure without the fear of not going to heaven.

Blue-Ribboners.

The July Photoplay Magazine announces its list of winners of the contest "Drama and Beauty" as follows:

Phyllis E. Curt, Boston, Mass.; Lucille Satterfield, Warrenville, N. C.; Estelle Claire Judy, McKeesport, Pa.; Helen Arnold, Louisville, Ky.; Claire Lee, Kansas City, Mo.; Florence Gray, Seattle, Wash.; Lucille Zimmo, Spokane, Wash.; Martin, Dallas, Texas; Vivian Seckling, Winnepeg, Can.

Honors for Blood.

The Roman populace which crowded the bleachers of the Colosseum in the ancient days and frantically implored the favorite gladiator to stop fighting and spit the other fellow wide open, is not extinct, aesthetically speaking. A final descendant appears in the editor of the Middletown, N. Y., Times Express, who has just reviewed the Lubin picture, "The Evangelist."

After praising the production, the critic said: "The picture is a masterpiece of realistic, but we would have liked to see the real collision instead of just before and just after."

Gravely Complained.

We are in receipt of a pathetic note, which reads: "With the ocean within such easy reach of all the studios, why don't the motion picture stage more bathing scenes?"

Sports Note.

Time: Morning after outdoor "Julius Caesar." Place: Vitaphone studio yard. Dramatic personae, one sweet young thing, one handsome leading man, William Duncan by name.

"Oh, Mr. Duncan, how did you like it last night? Wasn't it great?" Mr. Duncan (absent): "Well, the first two hours were pretty fair, but the rest was not up to much."

"Why, Mr. Duncan, what do you mean? Shakespeare is always 'Shakespeare!'" "I beg your pardon. I was thinking of Vernon."

Bury Billie.

William Wolfert of the Vitaphone is finishing up a three-reel drama with Corinne Griffith, Webster Campbell and Jack Mower in the leading parts.

Alfred Hertz, the distinguished conductor who was for so many years with the Metropolitan Grand Opera in New York, is here with his wife, Lillie Dorn Hertz, vacationing at the Beverly Hills Hotel. Mr. Hertz has just completed a season as conductor of the Symphony Orchestra in San Francisco, where he met with ovations quite in keeping with his reputation as an artist.

Gravely up in the Air.

Grace Valentin, a Metro star, who is starred with Lionel Barrymore in "Dorian's Divorce," is the only licensed aviator in the country, and had hopes of going to Mexico with the army until her application was turned down. The head of the aviation corps wrote her that he admired

Trixie Frigiana.

Whose famed comedy talents are one of the sparkling features of the bright musical show, "Canary Cottage," now in its third week at the Mason.

BEAR ATHLETES HAVE KICK COMING.

(BY DEWEY WIRE—EXCLUSIVE DISPATCH.)

NEW ORLEANS, June 5.—H. Livergood, javelin champion; D. Richardson, hammer thrower; J. Jackson, high jumper; and C. O'Leary, hammer thrower of the University of California, stopped here today on their way to the Pacific Coast and met some of the crew of the south's athletic talent. The boys were disappointed because they could not meet Dana Jenkins and Ann Lewis, the two southern record holders. They came here from Illinois.

The men explained that they were not treated right in Chicago. Because of having competed for an athletic club on the Coast officials of the "Big Six" declared Livergood and Nichols, who were with the team, ineligible. Livergood and Nichols won the shot and high jump, but when the Eligibility Committee discovered a mistake had been made, the athletes were promptly dismissed. Nichols did not stop off in New Orleans.

WILLIE HOPPE IS WORKING OUT.

Willie Hoppe arrived in Venice late Monday afternoon. He immediately located at one of the hotels, and, donning a bathing suit, strolled out on to the sands for a brief rest. Hoppe boxed six rounds with Cliff Reed and Marty Russell, and the manner in which he worked promised a sensational boxing match.

SIMPSON MAY GET ANOTHER RECORD.

(BY DEWEY WIRE—EXCLUSIVE DISPATCH.)

CHICAGO, June 5.—Bob Simpson is out to grab off the low-hurdle record, as well as that in the high. The lanky Missouri athlete has in the last four Saturdays succeeded in either breaking or tying the high hurdle mark four times. His most recent effort was 22 1/2 in, a real and unchallenged mark.

However, Simpson has also made a high jump of 22 1/2 in, a real and unchallenged mark. He worked a solid hour, and stated that he never felt so strong or good as he feels right now, and that his present prepping siege has done him a world of good.

Even a King can't dictate what you should like or not like

It so happened that Fatima were originally "Made and blended for the King of Whatts"—would that fact prove that you were going to like Fatima best? It would not.

A man's taste is his own. A cigarette that might delight some old potter's palate would not necessarily please you.

But there is something more than good taste that is mighty important to you.

No matter how good-tasting a cigarette may be—it can only be the SENSIBLE cigarette for you if it is comfortable, too.

Its pure tobacco must be cool and comfortable to your throat at all times. And it must leave you feeling fine and fit at the end of a hard-smoking day.

Will it do all that?

Then, it is the sensible cigarette for YOU.

There are thousands and thousands of men who believe that Fatima is the most sensible cigarette there is.

Try them yourself. You may discover—as these thousands of other men have—that Fatima

have just the cool, mellow taste that you're been longing for in a cigarette.

You may find that Fatima have the kind of mildness which allows you to smoke more of them than you might of other cigarettes.

You may find that Fatima offer you a little more satisfaction in every puff than you ever before found in any other cigarette.

Buy your trial package of Fatima and test them today.

E. Brauer, prominent tailor.

Every man and woman in Los Angeles would realize that the next time they go to the tailor, they might happen to meet a man who has been a tailor for 100 years.

For the 100,000 tunnel bonds, they have been assured that 1 cent every year would cover the tax. I believe that I could take up a voluntary collection from every voter for a similar sum to say nothing of many other advantages.

STREET INSPECTION INQUIRY IS NEXT. CITY COUNCIL TO HOLD THE REINS IN INVESTIGATION.

Public Works Committee to Begin Hearing Thursday Morning, with Board of Public Works Attending as Spectators—Change in Jurisdiction Promised.

Investigation of street inspection methods which, it is charged, have through the "ring" in the City Engineer's department, permitted contractors to pocket hundreds of thousands of dollars from Los Angeles property owners in recent years, will open before the Public Works Committee of the Council at 10 o'clock Thursday morning. Members of the Council who have been instrumental in bringing about a partial reorganization of the street inspection forces refused yesterday to consider a plan of letting the Board of Public Works conduct the investigation, but the members of the board will be asked to attend the session. The board, however, will not have a hand in formulating the report or the recommendations that will accompany it.

Chairman Topham of the committee that will have the investigation in charge asserted yesterday that the Council will stand for no whitewash in the street inspection matter. "We propose to get at the bottom of these charges of irregularity in the inspection of public improvements," said Chairman Topham yesterday. "It may be that the disclosure in the investigation will not be reflected by whoever is directly responsible for laxness, but the sole idea of the investigation, so far as I am concerned, will be to get at the real facts. This is not with the idea of 'muckraking,' but on the other hand I believe that the best way to prevent abuses is, first, to find out if there have been irregularities and then to find out in detail just what they were. It is certainly difficult to prevent abuses unless we know first that there have been abuses and then know just what they were and how and why they happened."

Successors will be named for numerous local contractors and others who are in a position to give definite information on the subject of inspection of work done under the special assessment acts in recent years.

It was suggested by members of the Council yesterday that the most logical settlement of the matter will be to remove the inspection of public improvements from the jurisdiction of the City Engineer and place it directly under the Board of Public Works. It was pointed out that if the allegations of irregularity are proven, it will be to show that the City Engineer is, primarily, responsible, while in reality the responsibility lies with the Board of Public Works. A record of examples of concrete and asphalt work have been procured and analyzed within the last three months, and, according to Councilman Wheeler, these show that the general run of public improvement work in Los Angeles in recent years has been such that the cases where specifications have been followed are the exception rather than the rule.

BRIDGE FINANCES. COUNTY WILL CONTRIBUTE.

Practical assurances were given members of the Council yesterday by the County Supervisors that the county will stand a portion of the cost of the Grand boulevard bridge across the Los Angeles River which will open a new and shorter connection with Glendale, Tropic and other towns in the San Fernando Valley. Councilman Robinson, who called on the Supervisors, was informed that the matter would be delegated to the county road department, and a reply to the Council's proposition will be made within a few days. Mr. Topham informed the Supervisors that the Council Budget Committee is ready to make its appropriation as soon as it learns how much of the expense the county will bear. The bridge will cost between \$10,000 and \$12,000 and the Council expects the county to stand about \$7500 of this amount.

ORDINANCES ENOUGH.

After brief consideration yesterday the Public Welfare Committee of the Council filed a request for an ordinance making it a misdemeanor to sell dice to minors. Councilwoman Lindsey suggested that a what are called "dice" and "dice" be taken for gambling today and Councilman Conwell said to be consistent the ordinance should have asked for an ordinance against selling marbles to small boys.

AT THE COURTHOUSE.

GETS JURY AWARD FOR FALSE ARREST.

THROUBLES OVER ICE LOSSES ARE AIDED IN COURT.

Mistake in Name Led to Throwing Wrong Man in Jail and After Four Hours with Negro as Cellmate He was Released, but Feelings Were Deeply Hurt.

A MISTAKE IN THE NAME LED TO THE ARREST OF WILLIAM A. ROBINSON, AN EMPLOYEE OF THE KOLTS' ICE COMPANY, AND INCIDENTALLY MADE KNOWN THE ALLEGED THEFT OF TWENTY BLOCKS OF ICE FROM THE CITIZENS' INDEPENDENT ICE COMPANY, AND RIVALRY BETWEEN THE CITIZENS' AND KOLTS' COMPANIES. THE WHOLE MATTER WAS AIDED BEFORE A JURY IN JUDGE MCCORMICK'S COURT YESTERDAY. IN THE TRIAL OF THE SUIT OF MR. ROBINSON AGAINST THE CITIZENS' INDEPENDENT ICE COMPANY FOR MALICIOUS PROSECUTION.

The testimony was to the effect that a call made to have been from the California Vegetable Union was received by the engineer of the Citizens' company, stating that a man would be sent to the plant for twenty blocks of ice. The Union company was a large contractor, and when in a few minutes a man arrived and asked for twenty blocks of ice, the engineer gave him a ticket and the ice was delivered.

Subsequently the manager of the Citizens' company inquired of the engineer to whom he had delivered the ice. He related the facts, and the manager informed him the California Vegetable Union had not re-

FILM TO RECORD MARCH OF PREPAREDNESS HOST.

LOS ANGELES citizens who march in the preparedness parade next Wednesday will have their patriotism authentically placed on record, for negotiations were completed yesterday by J. A. Quinn to have motion pictures taken of the big parade. These are to be shown as a part of the film "Preparedness" at Quins' Empress during that week.

Arrangements for the celebration of the week of June 12 as "preparedness week" are progressing rapidly. Indorsements are being given by patriotic organizations, the military schools are taking up the work, and reconstruction of the theater, so that it may suitably house this unusual attraction, has already commenced.

This is the first big dramatic film in which the marvellous weapons of modern warfare are shown in action. In the news weeklies they have been pictured more or less, but not in the fascinating manner in which they are shown in "Preparedness" or "The Battle Cry of Peace."

Aeroplane, submarine, machine

gun and huge seventy-five centimeter gun are shown at work, demolishing the classic structures of the eastern coast and appealing to the patriotism of the spectators.

What would happen to America were she invaded by a foreign foe at this period in her unpreparedness is forcibly brought home to the screen witness. Families torn apart, sacred archives vandalized and the untold suffering of mothers and sweethearts is vividly portrayed in every minute of the picture.

J. Stuart Blackton of the Vitaphone Company of America spared neither pains nor expense in his production, and chose an all-star cast to carry home the lesson of preparedness to the American people.

Hudson Maxim, the great inventor, was largely responsible for the picture, which is based to a great extent upon his article on "Defenseless America."

Edison and other noted personages in the world of war science are shown in the picture, and national-wide indorsement has been given the film by those who believe that to arm for war is the best peace insurance.

Everyone in Line

(Continued from First Page.)

tion will be represented by at least 2000 marchers. Mr. Higgins declared he would have had every member of the chamber in his corps if some of them had already promised to appear with other divisions.

SCHOOL CHILDREN TOO.

A youthful element will be introduced if the Parents Committee can persuade the Board of Education to authorize a half holiday for the occasion. This will be taken up at the earliest opportunity, and if it is passed, a division of school children will be added to the line.

The University of California Alumni, 200 strong, will march in the parade. They will be led by the University of the Monterey training camp under command of H. S. McKee, A. division of bankers and bank clerks will be headed by J. C. Drake, president of the Los Angeles Trust and Savings Bank. And H. J. Jove, head of the big commercial company, promised yesterday to be marching in front of a solid division of the Los Angeles general.

More than 800 jewelers and opticians have already been aligned by John Luckenbach, 2000 strong, in command of F. H. The Colored Patriots Association, 2000 strong, in command of F. H.

INCORPORATIONS.

The American Tungsten Mines Company, incorporated at T. J. Jernin, Harry A. Cole, J. W. Smith, E. M. Coplen and H. J. Hase, capital stock \$100,000, subscribed \$25. The American Concrete Company, Incorporated, M. W. Hendrich, R. A. Wattson and W. W. Gosling, capital stock \$10,000, subscribed \$25.

TEMPORARY ALIMONY.

Judge Awards this Relief Pending Divorce Case Trial.

Mrs. Ethel S. Neace, in alimony court yesterday, differed from her husband, E. E. Neace, a salesman, as to the cause of their separation. Mr. Neace was brought into court by an order to show cause why he should not pay alimony. He stated that the day after he was married his wife's father took his daughter away. In fact, he said his wife's parents interfered with his married life.

Mrs. Neace testified that she married without the full consent of her parents. She said her father had been away from home because of a business trip. After the baby came, her father took her home because he was ill. She said her father had been away from home because of a business trip.

Judge Wood gave her the temporary custody of the child, and ordered Mr. Neace to pay \$12 a week temporary alimony, pending the trial of Mrs. Neace's suit for divorce.

As in Life.

Crumbly, will march behind twenty-two colored cadets.

The insurance men, led by H. C. Huntington and H. J. Brown, will be represented by 500 members of their profession. The Veterans' Association, Battery D, Heavy Artillery, will have all fifty of their members in line, while more than 100 members of the Veterans of Foreign Wars will march close by.

The band of the Young Men's Institute will lead 100 members of that organization. The Independent Order of Redmen will come 500 strong, and the Los Angeles fire department will have 300 men in line.

OUTSIDE CITIES.

As yet the committee has not had sufficient time to hear from the near-by cities and towns regarding the number of men they expect to send. An exception is word from Mayor Muhtar of Redondo Beach, who had declared he will head 100 members of the Redondo Chamber of Commerce, and will in addition furnish his own band.

Perhaps the greatest division of the parade will be that led by Luther Brown and two assistants. This division will be called the "Unattached Division," and will be reserved for individuals who either cannot or do not care to affiliate themselves with specified divisions. Already the number of enrollees in this section has passed the thousand mark.

Empire Red Rubber Has Proved Itself Better Tire Material

We "discovered" red rubber as a tougher tire material. We made the first red tire. It beat our own gray tires all hollow for bounce and stamina. Now we manufacture only Empire Reds and despite the rising price of rubber, Empire prices are practically the same as last year.

Empire Red Rubber stays cool under terrific friction tests. It is all new, fresh rubber and will not depreciate prematurely. All of this adds to the phenomenal mileage Empire Reds roll up.

Empire Red Rubber marks the biggest jump ahead in tire making for years. Empire Reds will always give cheaper service until a suitable synthetic rubber is made.

Don't delay equipping your car with Empire Reds. Adjustments are made on the 5,000-mile basis.

RUSSIAN OFFENSIVE

Big Drive by the Slavs Started.

carefully Co-ordinated Movement is Initiated Along the Whole Front.

The Czar Puts Brussilov, His Best Man, at the Head of the Troops.

BY ATLANTIC CABLE AND A. P. (via London, 1:30 p.m.)—The sudden blow struck by the Russians along the entire Galician front 175 miles from the Pripiet to Kovel is in the unanimous opinion of the military critics here, a brilliant turning of the long-awaited Russian offensive. The condition of the war now is perfect and with a plentiful supply of ammunition the Russian advance is expected to develop rapidly.

The movement derives significance from the fact that it is not an isolated attack against any one portion of the Austrian lines, but a carefully planned movement embracing the whole front. The movement is led by the able leadership of Gen. Brussilov, who conducted the brilliant campaign in the Carpathians last year and who is generally conceded to be one of the best strategists of the war.

The forces opposing the Russian advance are estimated at forty Austrian infantry divisions and from ten to twelve Austrian cavalry divisions, together at the most two divisions of the German army.
